AUDITOR'S REPORT

Each year the Town has a professional audit of the previous year's financial activities. The audit of 1988 will be done late spring of 1989. The reports normally involve 30-40 pages and are quite lengthy. Copies of the audit are public records and can be reviewed at anytime in the Selectmen's Office on weekdays.

CAPITAL IMPROVEMENT COMMITTEE

As Chairman of the Capital Improvements Committee, I am pleased to submit this six-year expenditure plan.

We constructed this plan to measure the cost of the Town's future needs and wants. We have tried to anticipate what capital improvements will be needed in the future. Then we estimated which year they will be needed, the cost, and how they will be funded.

Our goal is to let Town leaders and citizens know of possible future expenditures by each department. This should create a more stable Town budget over time.

TREASURER'S REPORT

At year's end there was $448,310.79 cash on hand with a tax anticipation note due the Farmington National Savings Bank for $560,000 in January.

In 1988 the Town's share of the tax rate dropped from $5.80 to $5.55 per thousand assessed valuation.

The State has recently informed us that our assessment ratio has dropped to 35% of full valuation. It was 39% in 1987. This means that sample real estate transactions indicate that properties on average are selling for about three times what they are assessed at.

Based on tabulating building permits issued in 1988, approved building permits and sub-divisions will add over $9 million in new property value----that's $3 million with our 35% valuation.

DURGIN FUND

In 1988 the Durgin Fund made the following payments:

1.	a gift	$235.00
2.	computer and printer	$2853.00
3.	Olympics of the Mind	$500.00
4.	Landscape MM triangle	$96.00
5.	a gift	$35.00
		$3719.00

The balance on hand 12/31/87 was $55,043.95; receipts during 1988 were $3604.57 and the balance available 12/31/88 was $54,929.52. During February Probate Court will decide on whether the Town can place the Lockhart Trust with the Trustees of the Trust Fund. At the same time the Durgin Fund will be placed with the Trustees.

SEWER PROJECT

Contracts I and II were accepted during 1988 and all retainage money has been paid over. The construction project has $22,144.37 cash on hand; has about $37,000 due from EPA at closeout; there's a Federal Aid Anticipation note with Bankeast for $40,000; and there's a final engineering bill to pay.

After eight years, this is my last Treasurer's report. Thank you for your votes it has been an interesting period in the town's history.

There was still $2,651.50 in outstanding Engineering bills and $1,197.00 in outstanding Strafford Regional Planning Commission consulting fees as of year end.

We have been working on drafting new Zoning Ordinances for the Town, in accordance with the Master Plan, which was adopted several years ago. The objective is to promote a healthy, safe, practical and orderly growth for the general welfare of our town.

Following the resignation of the former Chairman in September, I was elected by the Planning Board to serve the remaining term, with Edward Miller elected as Vice-Chairman. Thomas Reid was elected as Treasurer to oversee financial matters. We have instituted a degree of professionalism that often lacks with all-volunteer boards. We, along with Bette White, John Doria, Marge Ross and Glenn Stewart devoted almost every Tuesday night throughout the year to serving on the Planning Board, often adding another evening during the week to work on Zoning Ordinances and to attend other meetings or hearings.

Behind the scenes work also involves approximately 25 hours per week of reviewing documents submitted by developers, writing

correspondence, answering phone calls, making phone calls, soliciting answers to technical questions, etc.,. We are proud of the work we have accomplished, which is all done for the good of Milton, our Town. We welcome you to our meetings and encourage your input.

Respectfully submitted,
Rosemary U. Jeffries, Chairman
Town of Milton Planning Board

REPORT OF TOWN FOREST FIRE WARDEN
AND
STATE FOREST RANGER

Between July 1987 and June 1988, we experienced more fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris buring. All causes are preventable, but only with your help, and Smoky's.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden, Concord Forest Protection Headquarters at (603) 271-2217, or local Forest Ranger.

On January 1, 1989, the Deceptive Forestry Business Practices Law (RSA 224:54) goes into effect. This law, in summary, states that a person is guilty of a misdemeanor if, in the course of buying or selling a forest product, uses a false weight or measure for falsely determining any quality or quantity of a forest product. For more information, contact one of the persons mentioned above.

MILTON POLICE DEPARTMENT

The Milton Police Department would like to thank the residents for their help and cooperation in 1988.

I would like to thank all department personnel for their assistance this past year. My goal is to treat everyone equally and I hope that we can all stand shoulder to shoulder with pride for the Town of Milton.

Respectfully yours,
Williian M. Canney

With the passing of each year more pressure is put on the Fire Department for training, both on the fire ground and in the class room. This is particularly true in the area of hazardous incidents which have become more common every day. This is a heavy burden on volunteer departments where time must be given by the members for training that has become more specialized each year. I would like to thank the members and auxiliary of the Fire Department for their hours in hopes of keeping the department up to standard in these ever changing times.

It is time once again to thank the member & auxiliary of the Milton Ambulance for their many volunteer hours in the past, hours that are spent each week cleaning the ambulance from top to bottom. It is also time to thank those people who each day insure that the crews are rounded up to keep the ambulance as efficient as possible. EMS training must be updated continually and takes a tremendous amount of time.

RURAL DISTRICT HEALTH COUNCIL, INC.

October 28,1988

Town Administrators,
Selectmen & Budget
Committees

Dear Sir:

Enclosed is the adopted budget and a statement for the amount due your town for 1989.

At the regular Board meeting in September, the budget was voted on which included an increase in the per capita to $4.00.

Staffing remains a problem. The nursing shortage has caused salaries and benefits to sky rocket in order to keep present staff and also to hire new staff.

The agency remains certified to provide skilled nursing, therapies, medical social services, home health aide, homemaker and a comprehensive hospice program.

The finance committee and I would be happy to meet with you at any time to answer questions you may have.

Thank you for your cooperation.

Sincerely,
Ardala Houle, R.N.
Executive Director

MILTON HOUSING REHABILITATION PROGRAM
Phase II

The Milton Housing Rehabilitation Program - Phase II was completed on time and exceeding prescribed goals.

The 1987, $130,000, Community Development Block Grant was the second received by Milton for housing rehabilitation. The purpose of the program was to assist low and moderate income households in the rehabilitation of their living environments to safe standards. The renovations included upgrading heating systems, wiring, plumbing, as well as energy conservation measures.

Phase II of the Program had a completion date of December 31, 1988. Fifteen units were rehabilitated, exceeding the thirteen units anticipated.

The Milton Housing Rehabilitation Programs, both Phase I and Phase II, financed the rehabilitation measures of approximately forty housing units.

The Annual Meeting of the legal voters of the Milton School District was held on the above-mentioned date at the Nute High School Auditorium. Meeting was called to order by Moderator, Donavon C. Current, presiding, followed by the repeating of the Lord's Prayer and Pledge of Allegiance to the Flag.

ARTICLE 1. Mary Current made the motion, seconded by Virginia Banks, that the reports of the agents, auditors, committees, and officers chosen be accepted as published in the Town Report. Motion carried. Donovan Current noted that he was in receipt of a petition to have a yes/no vote on ARTICLES #2 and #4 by a secret ballot.

ARTICLE 2. Virginia Banks made the motion, seconded by David Buchanan, that the district vote to raise and appropriate the sum of $34,477.00 to cover the cost of establishing a kindergarten to be effective with the start of the 1988-89 school year in September 1988. Motion denied by secret ballot vote "Yes" 61 votes, "No" votes 73.

ARTICLE 3. David Buchanan made the motion, seconded by Virginia Banks that the School District vote to raise and appropriate the sum of $12,150.00 to pave the back driveway at Nute High School. Motion carried.

Ron Peterson made the motion, seconded by Mr. Dube to consider ARTICLE 5 at this time. Motion carried. Ron Peterson made motion, seconded by Mary Current, to amend the wording in the main motion from warrant to Town Report. Motion carried. Ron Peterson made the motion, seconded by Mary Current, to read as follows: that the School District require that the information in the Town Report appropriating money contain three side by side listings: the amount budgeted this year; the amount spent the previous year; and the amount requested for next year. Motion passed.

ARTICLE 4. Mary Current made the motion, seconded by Virginia Banks that the School District raise and appropriate the sum of $2,320,562.00, in addition to the amount in warrant article #3, for the salaries of School District Officials, agents and employees, for capital construction, and for the payment of statutory obligations of the School District.

Mr. Defilice made a motion, seconded by Paul Couture, to amend the motion on the floor to limit the amount to 10% over last years expenditures to the amount of $2,176,071.00.

Robert Silver made a motion, seconded by David Paey to amend the amendment to decrease the amount by the $88,300.00 deficit down to the amount of $2,078,941.00. The amendment to the amendment carried. The count was "for" 73, "Against" 60.

Phillip Mollica made the motion to amend the amendment, seconded by Mary Current, to add $97,428.00 for debt service to new building and

$66,259.00 (the difference between the $88,300.00 deficit and $22,024.00 surplus) back into the budget to bring the sum to $2,242,628.00. The card vote was "For" 54 votes, "Against" 65 votes. The amendment for 2,242,628.00 was denied.

Phillip Mollica made the motion to amend the amendment, seconded by Mary Current, to add back in the sum of $97,428.00 for debt service back into the budget to bring the sum to $2,176,369.00.

Herbert Tanner made the motion, seconded by David Paey to Indefinitely postpone the amendment to the article to increase the amount of $97,428.00 for a total of $2,176,369.00. The motion to postpone indefinitely was denied.

The vote was by vote cards. "For" 61, "Against" 50. The motion to add back $97,428.00 to bring the total to $2,176,369.00 was carried.

Mr. Silver made a motion, seconded by Mr. Peterson that the vote be made a yes or no instead of by secret ballot. Motion carried.

The motion carried to raise and appropriate $2,176,369.00.

ARTICLE 6. Virginia Banks made the motion, seconded by David Buchanan that the School District vote to authorize the establishment of a cooperative school district planning committee to study the advisability of establishing a cooperative school district with surrounding towns in accordance with RSA 195:18. The dominant theme for the past year in many of our school districts has been the issue of growth and the subsequent impact on our school systems. Milton is no exception to this trend. The school year ended last June with the Elementary School enrollment at 239 pupils. As of 24 January 1989 that figure has risen to 281 pupils which

reflects a 17.6% increase. Such a trend paints and ominous picture for the future school district budgets. The proposed 1989-90 School District budget is predicated on an 11% increase in student enrollment. Clearly, growth is becoming a major issue which the School District and Town must address.

Another growth related issue to be acted upon at the March District meeting is the warrant article calling for the formation of the Branch River Cooperative School District with Middleton and Wakefield for grades 6-12. I believe the concept of a Cooperative School District has now reached the point where it is educationally sound and cost effective. Regardless of whether or not the Branch River District is formed, Milton residents must begin to consider a more viable high school option of their students than the District is presently capable of providing at Nute. The present enrollment in grades 9-12 at Nute is only 151 pupils. Maintaining a high school for such a small pupil enrollment is very costly and does not represent a viable educational option for the children of the District. I strongly urge the voters of the District to act affirmatively on the Branch River Cooperative School District article.

Perhaps the most important substantive development in the Unit during the past year has been the decision to divide the Unit and subsequent approval by the State Board of Education for such a course of action. With the increasing demand for assistance and services and the possibility of the formation of the Branch River Cooperative School District among the northern Districts and the Barrington/Nottingham Cooperative School District in the southern Districts, the decision to divide the Unit is one based on sound educational reasoning. The division of the Unit will hopefully allow the Unit staff to respond efficiently and effectively with needed services in the following areas: support for cooperative school district study committees and building committees, continuing our commitment to achieving excellence in the educational opportunities available to our children, preparation for bond issue presentations, administration of construction projects, budget development, negotiations, development and revision of school board goals, working with local planning boards regarding the development of capital improvement plans, and compliance with special education laws, regulations and standards. These examples are only a few of the areas in which the office is continuing to experience increased requests for administrative services.

As you know from previous reports, I am a strong advocate of public Kindergarten programs as I believe them to be educationally vital., Necessary and financial cost-effective based on extensive research conducted throughout the country. For these reasons, I once again share with you a summary of this research. In an article entitled WHAT'S AHEAD FOR EDUCATION, Harold L. Hodgkinson, former Director of the National Institute of Education, refers to the tendency in modern American society to think in terms of the Norman Rockwell concept of the working husband, the housewife and two school children as the typical American family. Hodgkinson goes on to state that this traditional description of the family unit holds true for only 7% of

American households; 14% of American children today are illegitmate, 40% will be living with a single parent by their eighteenth birthday, 30% are latch key children and 15 % have physical or mental handicaps. These statistics underscore the importance of publicly funded preschool programs and in particular, kindergarten programs. I urge the voters of the District to consider funding such a program as there is considerable research such as the Ypsilanti Perry Preschool Project, the Minnesota Early Learning Design in Minneapolis/St. Paul and other studies which underscore the importance not only to the child, but to the taxpayer and society, of public preschool education. According to the Ypsilanti Perry Project report, for every $1,000 that was invested in the preschool program, at least $4,130 has been returned to society in the form of reduced costs for special education, legal processing for delinquent behavior and increased earnings of participants. Students who experienced the preschool program subsequently averaged 1.8 years of special education, whereas those that did not have it averaged 3.8 years. For every 100 pupils who had the program 35 dropped out of high school, whereas 55 of every 100 pupils who did not experience the program dropped out. Of those pupils who experienced the program 38 out of every 100 students attended college or took job training courses while of those pupils without the program, only 21 did so. Clearly, the research underscores the importance of making a commitment to public kindergarten programs.

Once again, the current Legislative Session merits our attention with regard to at least one particular piece of legislation. a bill has been introduced, the number of which has not assigned by the Office of Legislative Services at the time of this writing, that would increase the State Building Aid program from 30% to 35% and would provide for payment of State Building Aid in a lump sum to school districts prior to construction. School districts experiencing rapid growth would benefit greatly form this legislation. I strongly urge you to contact your representatives in support of this Bill.

As this report is my last report to you as your Superintendent, I wish to take this opportunity to express my sincere appreciation for the support given to this office over the years by so many citizens of Milton and to state that I have personally enjoyed working with the Milton School District over the past thirteen years. Your community has a great deal of change coming and I would strongly encourage you to increase the degree of planning not only in the School District but in the Community so that you are able to efficiently manage and to the degree possible, control the impending growth.

Thank You

Barry L. Clough

PRINCIPAL'S REPORT
NUTE HIGH SCHOOL

The school graduated 35 seniors in 1988 of which 24 continued their educational careers in either a 2 or a 4 year college or the military. This is a 68% rate and is excellent, however, we would like to increase this percentage to an even higher level.

Our Scholastic Aptitude Test scores continue to rise with the average being 441 verbal and 440 math. These scores are competitive with area schools and become impressive when one realizes that Nute was the smallest school in the sample. Junior Preliminary Scholastic Aptitude Test scores indicate that these scores should continue to rise. It should be noted that our seventh grade is scoring very well on standardized testing and this is a very good sign of things to come.

We are quite proud of two students who attended summer institutes. Senior Jennifer Rodrique attended St. Paul's School Advanced Study Program and Bill Boyer was one of 20 students who attended the U.N.H. Math and Marine Science Program.

Our athletic teams were successful with the boys' basketball team, the girls' basketball team and the and the girls' softball team each making the playoffs. Dave Burrows made the A.A.U. State basketball team and played in Seattle, Washington.

The Faculty organized the Faculty Council which tool on several projects during the year. They published a Newsletter, set up an academic counseling program, and sponsored a field day at the town beach. The stage production of "The Face on the Barroom Floor" presented by the faculty raised enough money to fund four scholarships for seniors.

The student Teen Health Club sponsored a Teen Wellness Day to help educate and promote "total wellness" among teenagers.

There have also been numerous changes to the building and grounds including the addition of a modular unit supplied by the Strafford Learning Center to house their Training for Independence program, the replacement of our fuel tank, paving and lining of the back parking lot, preparation of an apron around the school to keep water out of the building, and the purchase of portable partitions to facilitate classrooms in Old Nute. The milk room has been cleaned up and painted by the Seniors for a Senior Honor Study Hall.

The faculty and staff join me in thanking the town for its support of our programs. Good education must remain a priority for the town to continue to flourish. Please feel free to visit school anytime.

PRINCIPAL'S REPORT
ELEMENTARY SCHOOLS

Many exciting changes have taken place at both elementary schools this year. Though the number of classrooms remains the same, internal restructuring of classes has allowed us to absorb the additional students as we continue to improve the curriculum. The change that is most evident is our new six room addition. Not only did the addition give us classroom space but it allowed for the restoration of the multi-purpose room which now serves as cafeteria, provides space for indoor phys ed, assemblies, and community functions. We have also started our own library/media center and with the loan of materials

from the children's section of the Nute Library we are able to provide inschool library services to students in the Milton Elementary School. These changes are helping us to meet state standards for school approval. The Milton Mills School, which has received many renovations to upgrade safety and appearance, is providing space for 56 students in readiness, second and third grades. The wall constructed in 1982 to divide the large upstairs classroom has been removed restoring the room to its original beauty.

Curriculum in grades five and six has been departmentalized. This allows continuity of instruction in Reading, Mathematics, Science, Social Studies, and Language. Our Special Education Department has additional staffing using aides because of the increased identification of students in need of special education services. We hope to have the capability to provide services to some students who are currently placed out of district. Our Gifted and Talented program once again received national recognition for having a team of state champions. Seven students and their chaperones traveled to the University of Maryland to participate in the national Odyssey of the Mind competition. Floyd Brock received one of the five individual awards given for outstanding creativity. Our sincere thanks to the people of Milton for their support which enabled these students to experience a valuable form of education that exists beyond the classroom.

There are some immediate and long range goals for the Milton Elementary Schools that I feel are important for us to attain. First, the parking and play areas are in need of major repair. Also, in accordance with our required school implementation calendar we need to provide for a kindergarten program, art teacher, and art program for the 1989-90 school year. Finally, Milton needs to seriously consider establishing our own preschool speech and language program. We are presently spending several thousands of dollars for tuition and transportation sending children to out of district programs. If we could provide the space, then grant monies and the tuitions paid to Milton rather than tuition paid by Milton would save us money.

There have been many staff reassignments this year. The new staff includes Miss Nancy LeRay, Readiness class; Mrs. Elaine Conboy, grade two Milton Mills; Mr. Karl Hoff, grade five; Mrs. Hope Baldwin, Resource Room; Mrs Debra Zereycan, Chapter I math; Mrs. Linda DiCapua and Mr. Kirk Sharrow, Physical Education; and Mrs. Dale Mitchell, Music. Mrs. Jean Mortimer has returned part time as speech and language Pathologist. It is with sincere gratitude that I would like to thank our fine teaching and support staff at the Milton/Milton Mills Elementary Schools for their continued dedication to the children of our town.

On behalf of the staff, I wish to thank all of those individuals and organizations who continue to support our schools. Children are our investment in the future. Thank you for making that investment.

AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
Milton School District
Milton, New Hampshire

We have examined the general purpose financial statements of the Milton School District as of and for the year ended June 30, 1988 as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in and incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Milton School District at June 30, 1988, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Milton School District. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.
